**Adding a SuperHoist™ into your construction workflow means:**

- **Increased Productivity:** Our hoist lift construction equipment is designed for reliability and efficiency, reducing downtime and making sure materials and people move quickly and effectively, keeping your projects on track.
- **Enhanced Safety Protocols:** Safety is a priority with our SuperHoist™ fleet. Our gear includes advanced tech like automated safety checks, load monitoring, and emergency stop functions to prevent accidents and keep your workers safe, reducing injury risks and related costs.
- **Cost-Effective Solutions:** Our SuperHoists save you money by reducing downtime, cutting down on manual labour, and preventing accidents. Plus, our flexible material hoist hire options let you choose what fits your budget and project best.

Preston Hire offers a range of crane accessories, tailored and suited to any hire. For more information about accessory items, speak to a SuperCrane™ specialist to find out what best suits your requirements.

Accessories available:

Chains/Slings - All purpose lifting equipment.

Two Way Radios - For communication.

Lever Block/Chain Block - Lever blocks are a manual hoist using a ratchet and pawl mechanical configuration to lift, lower, or pull a load and to apply or release tension.

Remote & Cable - Cable remote controller for remote machine operation.
